

To the European Fa Conference

To the Dafa disciples attending the European Fa Conference:

Greetings!

Dafa disciples' cultivation is not merely for individual Consummation. Saving sentient beings is the responsibility of Dafa disciples, a responsibility that those cultivators who bear the title "Dafa Disciple" must fulfill. I hope that you will, by summarizing at the Fa conference what you have learned, manage to fulfill still better Dafa disciples' vows and responsibilities, and do even better with things.

In closing, I would like to wish the Fa conference complete success.
